

2022 National Invitational 55 & Over Mixed Doubles April 21-23, 2023, Scottsdale, AZ

Team Rosters

Players: Each team must have a minimum of six (6) players (3 men & 3 women) providing for three courts of doubles in the league level specified. Teams are expected to bring enough qualified players to field all three courts for every court of every team match.

- For 6.0 teams: 2.5, 3.0 and 3.5 rated players may participate. Mixed doubles pairings (one man and one woman) may not exceed 6.0.
- For 7.0 teams: 3.0, 3.5, and 4.0 rated players may participate. Mixed doubles pairings (one man and one woman) may not exceed 7.0.
- For 8.0 teams: 3.5, 4.0 and 4.5 rated players may participate. Mixed doubles pairings (one man and one woman) may not exceed 8.0.
- For 9.0 teams: 4.0, 4.5 and 5.0 rated players may participate. Mixed doubles pairings (one man and one woman) may not exceed 9.0.

For example: a team participating at the 7.0 level needs to have three courts with mixed doubles pairings at a combined NTRP level equal to 7.0 or lower. Players may only play up if there is an on-site injury or extenuating circumstances that require a team to play a player up a level to avoid defaulting a court.

Non-Playing Captain: One non-playing captain per team may attend. This captain must be the same captain that is listed in TennisLink.

Minimum Match Requirement: Players on teams advancing from local league play must have played in at least 2 matches (1 default may count.) Teams accepted to participate via “team waiver” have no minimum match requirements.
